Sponsored by: **Hunterdon County Chamber of Commerce** 
...in the business of promoting business

Your Chamber works to achieve economic growth and development throughout the entire Hunterdon County area. To accomplish this, we have selected Village Profile™ to produce our 2010 High-Tech Community Map.

Thousands of copies of this dynamic marketing tool will be published in full-color street detail with the value-added benefit of online access to your business! This publication will be the first point of contact for families and businesses relocating to the area and as a valuable guide for visitors, as well as longtime residents.

Take advantage of these tremendous sponsor benefits:

- **Map Distribution** – Thousands of full-color, up-to-date printed maps will be distributed by the Hunterdon County Chamber of Commerce throughout the community. The publication will feature a detailed street map locating schools, hospitals, parks, development areas and participating advertisers' business locations.
- **Online Viewing** – Upon publication, the printed version of the map is converted into a publication website featuring a participating advertiser business locator map directory, hosted at the **Community Profile Network®**, at www.villageprofile.com, which gets over 2,000,000 hits a month!
- **Advertising Rates/Complimentary Copies** – A wide variety of advertising investments are available to accommodate every budget and business type, with complimentary map copies.
- **The Village Profile™ exclusive Convergence Publishing Program®** provides access to your business **via our mobile portal at www.vpmobile.us, which receives over 358,000 hits per month** via web-enabled cell phones and smart phones 24/7!
